WOOD WORKING CHAIN N CHISEL MORTISER

AZA1213

The AZA LAB Wood Working Chain N Chisel Mortiser – Model AZA1213 is a powerful and versatile machine designed for professional mortising applications in woodworking.

Featuring dual mortising capability (chain + chisel), the AZA1213 allows users to perform deep, clean, and accurate mortises across a wide range of wooden components. Built with rigid construction, a powerful motor, and precision control features, this machine ensures reliable performance in workshop and industrial environments.

Key Benefits

- Dual-function capability: Chain + Chisel mortising
- Deep cutting capacity for large and heavy workpieces
- High accuracy and repeatability in mortising operations
- Suitable for doors, frames, and structural wood components
- Durable construction for long service life
- Easy operation with low maintenance requirements

Standard Accessories

- ½" Chain set
- Grinding wheel with V-belt fitting
- Lubrication oil bowl
- Toolkit
- Operation & maintenance manual

TECHNICAL SPECIFICATIONS

| Specification | Details |
|----------------------------------|--------------------------|
| Model | AZA1213 |
| Machine Type | Chain & Chisel Mortiser |
| Table Size | 455 × 150 mm (18" × 6") |
| Max. Workpiece Height (on table) | 254 mm (10") |
| Max. Door/Frame Height | 1000 mm (39") |
| Max. Depth – Chain Mortiser | 140 mm (5½") |
| Max. Depth – Chisel Mortiser | 90 mm (3½") |
| Longitudinal Movement | 305 mm (12") |
| Table Tilt | 45° |
| Dust Collection Port Diameter | 100 mm (4") |
| Air Pressure Required | 5 – 7 kg/cm ² |
| Motor Power | 2 HP @ 1440 RPM |
| Optional Motor | 1.5 HP (Single Phase) |
