INFLAMMABLE & POISON STORAGE CABINET

AZA1309

The AZA1309 Inflammable & Poison Storage Cabinet is a high-safety chemical storage solution designed for the secure containment of flammable liquids, toxic substances, poisonous chemicals, and hazardous materials.

Engineered with fireproof construction, corrosion-resistant materials, advanced security systems, and integrated ventilation features, the AZA1309 ensures safe, compliant, and organized chemical storage in laboratories and industrial environments.

Widely used in pharmaceutical facilities, research laboratories, manufacturing plants, R&D centers, educational institutions, and industrial workplaces, the cabinet minimizes chemical hazards, prevents accidental leakage, and improves operational safety.

The AZA1309 combines fire resistance, anti-static protection, leak containment, and intelligent security features into a durable and efficient hazardous chemical storage system.

STANDARD SUPPLY INCLUDES

- Inflammable & Poison Storage Cabinet
- 3 × PP Stepped Movable Shelves
- Electronic Password Lock System
- Mechanical Double Lock System
- Timed Ventilation Control
- Anti-Static Grounding Device
- Hazard Warning Labels
- User Documentation

UNIVERSE

CABINET CONSTRUCTION

Double-Layer Safety Structure

The cabinet combines:

- Fire-resistant steel outer shell
- Chemical-resistant polypropylene inner lining

Providing dual protection against fire hazards and chemical corrosion.

PP Stepped Shelves

Three movable stepped PP shelves with spill-containment edges improve chemical organization and prevent accidental leakage.

Leak-Proof Sump

Integrated 50 mm leak-proof bottom sump safely contains accidental spills.

Durable Surface Treatment

Electrostatic epoxy coating improves resistance against moisture, chemicals, and environmental wear.

STANDARD CONFIGURATIONS

AZA1309A

- Time Control Ventilation Switch
- Electronic & Mechanical Locking System
- Three PP Movable Shelves

AZA1309B

Includes all AZA1309A features plus:

- Temperature & Humidity Monitoring System
